CONSULTATION ON BALANCING MISCONDUCT IN EU GAS MARKETS

- ▶ On 22 September ACER and ENTSOG launched a joint **consultation on recommendations for measures to mitigate potential balancing misconduct in EU gas market**
- ▶ ENTSOG and ACER have launched work to develop recommendations for solutions at EU level to prevent the misconduct in balancing in recent years in the form of unauthorised gas off-take from TSOs leading to imbalances in these balancing areas, and consequently to financial losses for TSOs.
- ▶ Recommendations by ACER and ENTSOG include introduction of:
 - ▶ An ex ante verification of financial security,
 - ▶ A system for cross-border information exchange between TSOs and NRAs in case of detection of misconduct,
 - ▶ A catalogue of possible measures against users who committed abuse.
- ▶ **Consultations will be held until 19 October** → https://www.surveymonkey.com/r/PC_BAL_Misconduct

THANK YOU FOR YOUR ATTENTION.
