 **GSA Platform**

MARKET DEMAND ASSESSMENT (MDA) FOR INCREMENTAL CAPACITY VIA THE GSA PLATFORM

Commission Regulation (EU) 2017/459 of 16 March 2017 lays down the obligation for the EU TSOs to carry out the non-bidding market demand assessment for incremental capacity for each side of a transmission entry-exit system border at least in every odd numbered year, within 8 weeks after the start of the annual auctions.

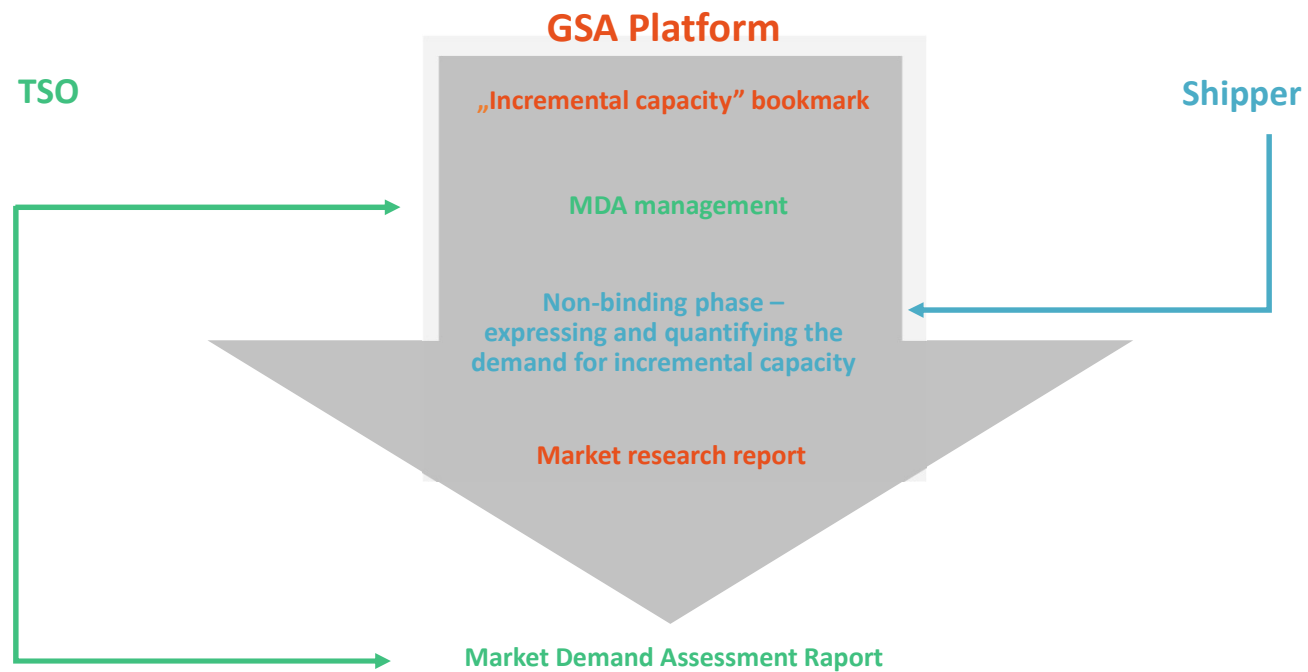

GSA Platform offers TSOs functionality allowing to conduct the non-bidding MDA in an automatic and easy-to-handle way for each side of the TSO's transmission entry-exit system border.

From the Shippers perspective the GSA Platform functionality allows to quickly indicate market demand via intuitive on-line tool.

➤ MARKET DEMAND ASSESSMENT (MDA) FOR INCREMENTAL CAPACITY VIA THE GSA PLATFORM

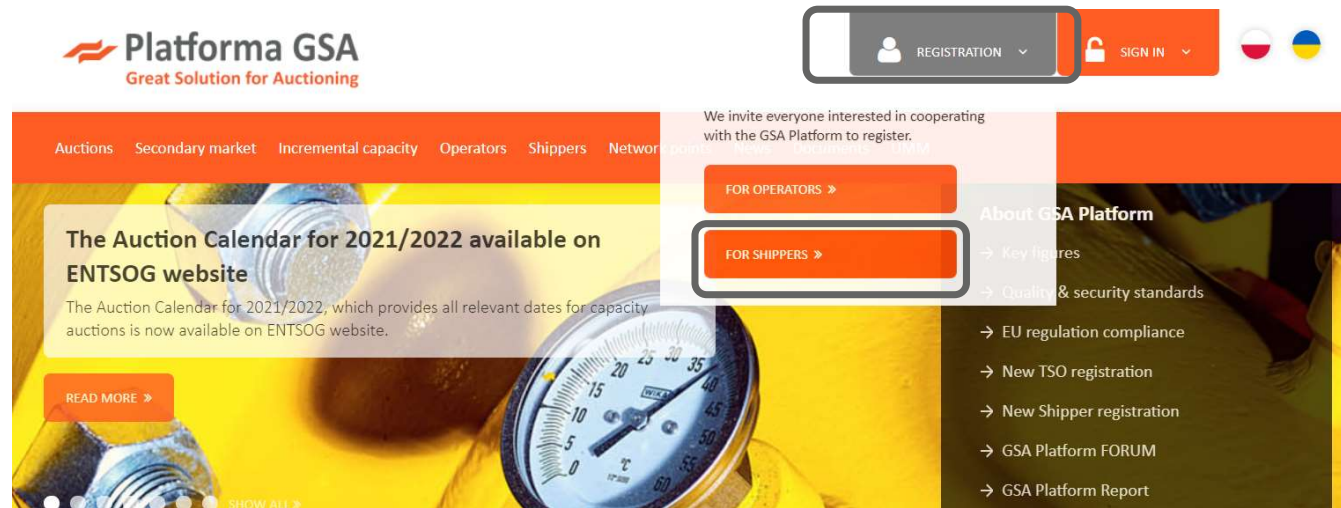

HOW TO GAIN ACCESS TO THE GSA PLATFORM – SHIPPER

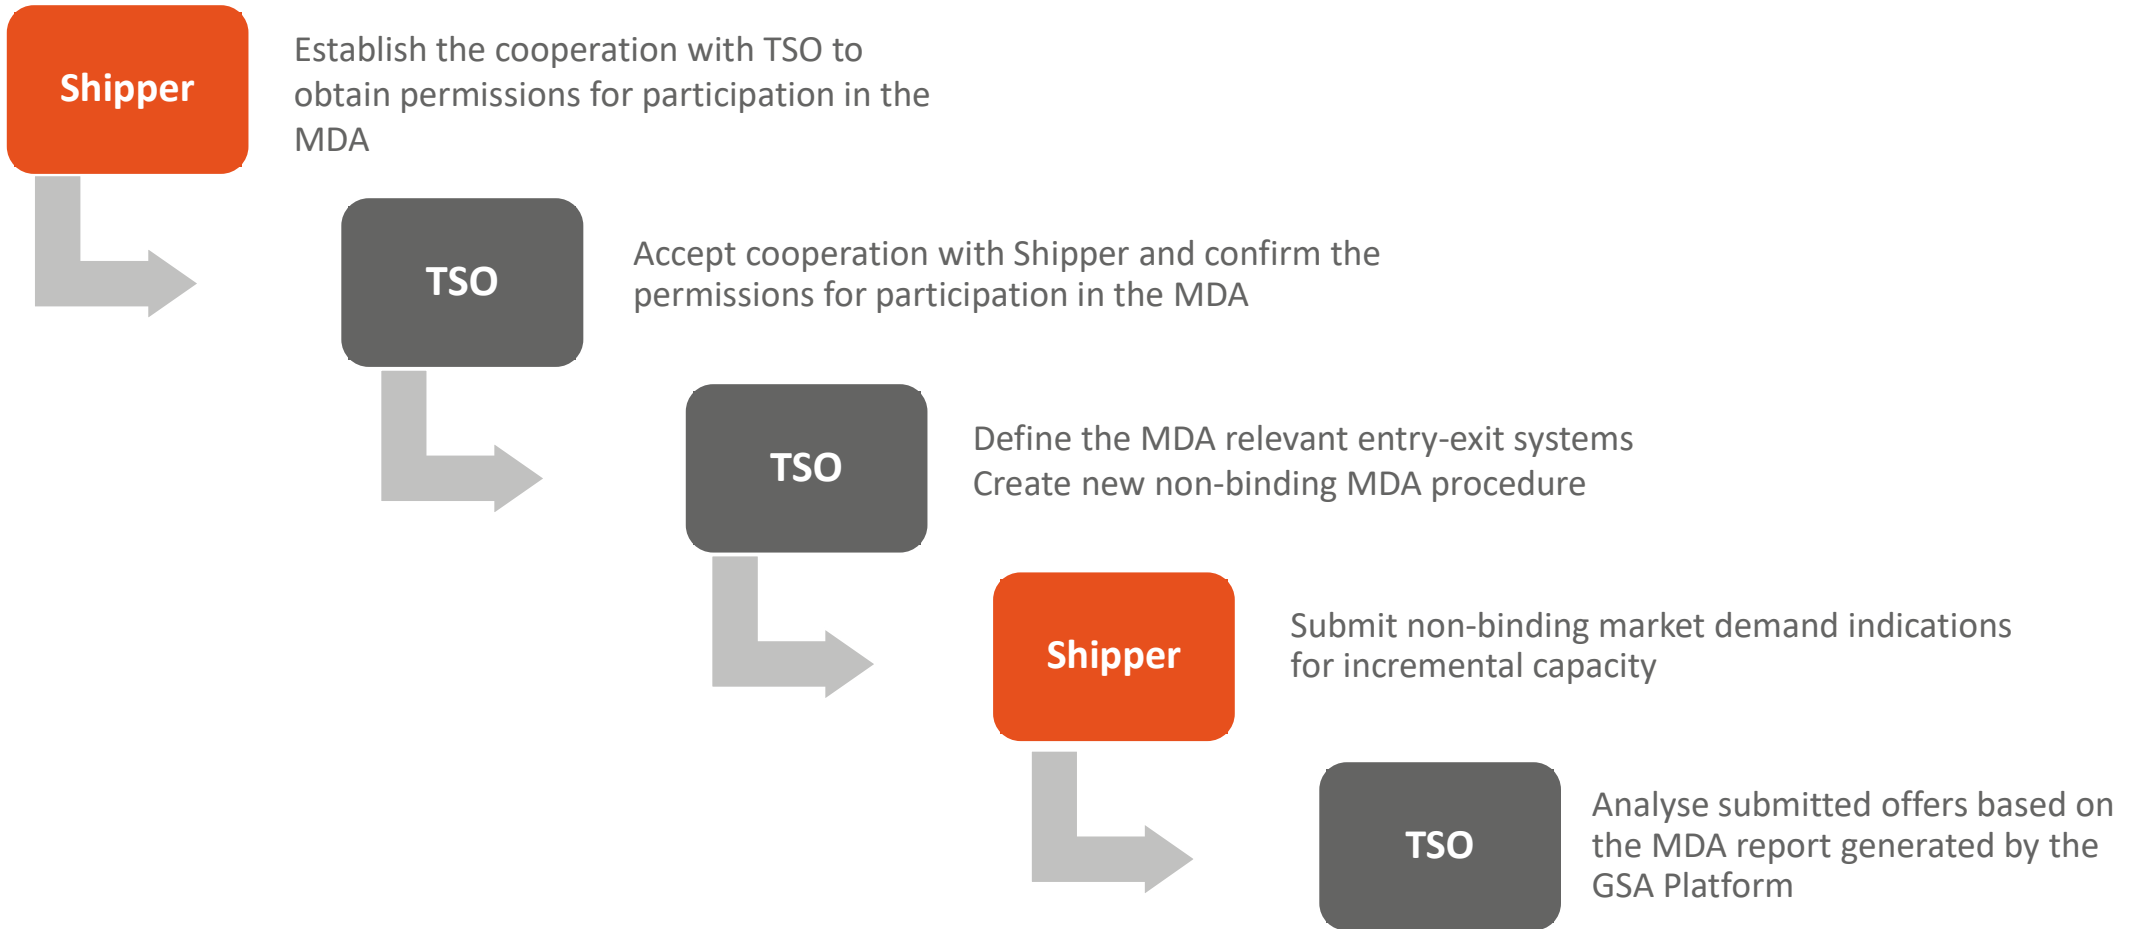

Self-registration on the GSA Platform and acceptance of the GSA Platform Rules

Submission of originals of the Power of attorney for the GSA Platform and valid transcript from the National Court Register of the Company (in Polish language or at least in English)

Account activation by administrator of the GSA Platform

If the Shipper already has access to MDA conducted by the TSO, the "Market demand assessment" icon will not be visible.

ACCEPT COOPERATION WITH THE SHIPPER UNDER THE MDA

The screenshot shows the top navigation bar with the following items: Auctions, Secondary market, Incremental capacity, General, and Administration (with a dropdown arrow). The Administration dropdown menu is open, showing: Users, Privileges management, Contractual relations management (highlighted with a red box), and Gas Supply Contracts. Below the navigation is a welcome banner with the text "Welcome to GSA Platform workshops for Teams Teleconference" and a "READ MORE" button.

DEFINE THE MDA RELEVANT ENTRY-EXIT SYSTEMS

The screenshot displays the GSA Platform interface. At the top, a navigation bar includes 'Auctions', 'Secondary market', 'Incremental capacity' (with a dropdown arrow), 'General', and 'Administration'. Below this, a sidebar menu is visible with 'Entry-Exit Systems' highlighted. The main content area features a search bar with an 'Add' button and a 'Search' button. An arrow points from the search bar to a 'New Entry-Exit System' form. The form contains the following fields:

- Name * (text input)
- Operator * (dropdown menu)
- Direction * (dropdown menu, currently set to 'Entry')

At the bottom of the form are 'Save' and 'Cancel' buttons.

MARKET DEMAND ASSESMENT REPORT(S)

The screenshot displays the GSA Platform interface. At the top, a navigation bar includes 'Auctions', 'Secondary market', 'Incremental capacity', 'General', and 'Administration'. The 'Incremental capacity' menu is expanded, showing 'Entry-Exit Systems', 'Market Demand Indication', and 'Reports'. A search bar is located to the right of the menu. Below the menu, a table lists Market Demand Assessment Reports with columns for Report Id, File name, Date from, Date to, Type, Operator, and Action. Two reports are visible: one with Report Id 1293 and another with Report Id 1213. A callout box points to the 'Reports' button, stating 'Market Demand Assessment Report(s) will be generated upon survey completion'. Another callout box points to the 'Reports' section, stating 'TSO has permanent view of active MDA and offers submitted by Shippers'. A third callout box points to the detailed report table, which includes columns for Id, Entry-Exit System, Direction, Capacity type, Entry-Exit System, Direction, Capacity type To, Shipper, Gas Year, Amount, Unit, Request is submitted to other TSOs, Period when Demand Indication was received, and Additional Information.
