

AMENDMENT
TO THE TRANSMISSION NETWORK CODE (TNC)
OF THE OPERATOR GAZOCIĄGÓW PRZESYŁOWYCH GAZ-SYSTEM S.A.

1. The following new sections of the TNC are added:

19.13.11.6 Gaseous fuel compression service

19.13.11.6.1 At physical entry points at connections to domestic gas fields (FPWE_{zDO}), the TSO may provide the gaseous fuel compression service, to the extent permitted by the technical capability of the transmission system, using compressor stations whose capacity is not fully utilised for the needs of the transmission system operation.

19.13.11.6.2 An application for a gaseous fuel compression service shall be submitted in writing in due time in advance of the planned commencement of the use of compression service.

19.13.11.6.3 The scope of the gaseous fuel compression service and the rules for its provision by the TSO shall be stipulated in the contract for the provision of the gaseous fuel compression service.

19.13.11.6.4 The contract referred to in clause 19.13.11.6.3, shall specify in particular:

19.13.11.6.4.1 parameters for gaseous fuel compression,

19.13.11.6.4.2 the method of determining the quantity of gaseous fuel consumed to power the compressor station compressors used to provide the compression service in a given physical entry point, in a part concerning the provided compression service, regulated in accordance with the Tariff,

19.13.11.6.4.3 rules of sharing the metering and billing data,

19.13.11.6.4.4 billing rules for the gaseous fuel compression service,

19.13.11.6.4.5 principles for planning maintenance works on compressor stations used to provide the compression service,

19.13.11.6.4.6 the method of exchanging information on planned investments affecting the conditions for the provision of the compression service,

19.13.11.6.4.7 principles of the exchange of information between dispatcher services of the TSO and the Network User and handling of emergency situations,

19.13.11.6.4.8 communication rules and contact details of the TSO services and the Network User ordering the gaseous fuel compression service.

19.13.11.6.5 The provisions of clauses 19.13.11.1 - 19.13.11.5 shall not apply to the Network User in respect of FPWE_{zDO} where the TSO provides the compression service to that System User.
