

KEY ISSUES IN 4TH QUARTER OF THE GAS YEAR 2018/2019

Piotr Kuś, Deputy Director
Gas Market Development Division, GAZ-SYSTEM S.A.
GAZ-SYSTEM FORUM
Warsaw, 29 May 2019

TRANSMISSION NETWORK CODE (TNC)

- ▶ **As of 18 June 2019** , the fall-back supply mechanism may be activated
 - ▶ Need to indicate the fall-back supplier in supply contracts
 - ▶ Provision of relevant information and powers of attorney to the TSO
- ▶ In accordance with the provisions of the currently binding TNC (point 15.8), as of **1 May 2019** mechanisms came into force which should prevent **differences between the provisional and billing allocations** sent by DSOs, end users and ISOs – the so-called charge for inconsistency of provisional data with final data.
 - ▶ **Final allocations for May will already be subject to a mechanism for analysing consistency with provisional allocations.**

CUSTOMER SATISFACTION SURVEY

Survey conducted using **the direct interview method**, regularly since 2006.

- The beginning of this year's survey is planned for **June**.
- The survey will last **until September**.

TIMELINE
